

# PASSION FOR LIFE

501(c)(3) charitable non-profit | Community-building since 2020

*Mentorship is Everything*

*Want to change the world? Get a kid hooked on a new outdoor passion!*

[WWW.ILOVETHEOUTDOORS.ORG](http://WWW.ILOVETHEOUTDOORS.ORG)

## Consider volunteering!

Are you passionate about the outdoors?

Would you like to share your passion with kids?

We work with schools around the state who want to get kids off screens!

### Passions We Introduce Kids to:

Hiking, rockhounding, metal detecting, fishing, gold panning, clamming, lobstering, skiing, snowshoeing, camping, canoeing, kayaking, boating - power & sail, hunting, shed hunting, cycling, mountain biking, birding, ice skating, ice fishing, rock climbing, golf, disc golf, surfing, geocaching, tide-pooling, antique bottle hunting, tennis, badminton, pickleball, handball, winter mountaineering, snowboarding, skateboarding, scuba diving, snorkeling, fly fishing, tree & mammal identification, trail cams, map & compass!

Delivered by 112 volunteers from our community who realize how lucky they were to have had outdoor mentorship!

Be an Outdoor Appreciation Mentor!  
What would YOU like to teach kids?

"Omer" teaching kids paddleboarding & surfing at Scarborough Middle School. We're there every week introducing the kids to different outdoor passions.

Like all of our volunteers, Omer joined us to pass on his love of the outdoors. We've grown to 112 volunteers from around the state in 41 outdoor passions.

Our approach allows us to work with schools in every corner of the state - some further away from Portland than NYC, yet still in Maine!

To learn more, contact Allagash George via [www.ilovetheoutdoors.org](http://www.ilovetheoutdoors.org)

There are countless kids who need you.

There is no greater feeling than sharing your life blessings with others.

Whether you volunteer for an hour, a day, or a lifetime, you have the power to change lives. - A.G.
