

Introductions to 41 Outdoor Passions!

Let us tailor an event to your school!

Passions We Introduce Kids to:

Hiking, rockhounding, metal detecting, fishing, gold panning, clamming, lobstering, skiing, snowshoeing, camping, canoeing, kayaking, boating - power & sail, hunting, shed hunting, cycling, mountain biking, birding, ice skating, ice fishing, rock climbing, golf, disc golf, surfing, geocaching, tide-pooling, antique bottle hunting, tennis, badminton, pickleball, handball, winter mountaineering, snowboarding, skateboarding, scuba diving, snorkeling, fly fishing, tree & mammal identification, trail cams, map & compass, and more!

Delivered by 112 volunteers from our community who realize how lucky they were to have had outdoor mentorship!

"Omer" teaching kids paddleboarding & surfing at Scarborough Middle School. We're there every week introducing the kids to different outdoor passions.

Like all of our volunteers, Omer joined us to pass on his love of the outdoors. We've grown to 112 volunteers from around the state in 41 outdoor passions.

Our approach allows us to work with schools in every corner of the state - some further away from Portland than NYC, yet still in Maine!

Next Steps:

- 1- Have your kids vote on which passions they're most interested in!
- 2- Set a date where your gym & grounds are available!
- 3- We'll create an event for your school!
